

LED Waterproof Flex strip

Waterproof LED flexible strips with 30pcs 5050 SMD LED
Product features:

1. Our LED flexible strips apply super bright SMD 5050 LED as light source
2. Very bright and low power consumption
3. Very long life span –normally over 50,000 hours
4. Flexible application: small space required; every three or six LEDs a loop; each loop can be easily cut off from the incising line
5. Rugged and Reliable (Compared to Neon or Fluorescent tubes, LED strips has no glass to break).
6. Low power supply - very safe.
7. Various type of LEDs, sizes and colors available

Applications:

Our waterproof flexible LED strips are widely used in:

1. Architectural decorative lighting for canopy, corridor, window, archway, bridge edge lighting
2. Replace traditional under cabinet lights
3. Under cabinet lighting, cove lighting, concealed lighting
4. Decorative lighting for festivals, events, shows, exhibitions
5. Contour lighting: stairway, aisle...
6. DIY lighting for indoor use

Specifications:

1. Waterproof Standard: IP68
2. LED Quantity: 30 pcs per meter
3. Working Voltage: DC12
4. Luminous: 120~1170lm
5. Viewing Angle: 120°
6. Operating temperature: -20°~50°

Color	Size / reel (mm)	LED qty per meter	Volt (V)	Power (W)	IP degree	Lumens /meter
Red	5000*12*4	30	12	7.2	IP68	120
Green						240
Blue						150
Red	5000*12*4	30	12	7.2	IP68	360
Yellow	5000*12*4	30	12	7.2	IP68	360
Blue	5000*12*4	30	12	7.2	IP68	450
Green	5000*12*4	30	12	7.2	IP68	720
White	5000*12*4	30	12	7.2	IP68	1170
Warm White	5000*12*4	30	12	7.2	IP68	1080
